

equico
Funding Technology

Equico is giving away a laptop to the five best ideas for learning using technology.

Simply get your students to describe how they want ICT to be used in their classroom. They need to tell us:

Q. What technology they would use (it must be currently available and not already used in their classroom)
Q. How and why they would use it; and
Q. The benefits it would bring.

The five best ideas, as judged by Equico and INTERFACE, will win one of these great HP Mini 1001* notebooks (RRP\$1,293).

Not only is this a fantastic offer, but it's a great way to get your class thinking!

For full details of terms, judging criteria and an entry form visit www.equico.co.nz or www.interfacemagazine.co.nz. There's even a guide to help you introduce the competition to your class - you may even be able to incorporate some or all of the project as part of existing class work. Entries close 5pm on Friday 27 March, 2009. The five winning entries will receive an HP Mini 1001* Notebook.

Includes HP Mini 1001* (2GB RAM, 100GB Hard Drive, 15.4" screen, 1.8kg, and Windows XP Home)

Includes HP Mini 1001* (2GB RAM, 100GB Hard Drive, 15.4" screen, 1.8kg, and Windows XP Home)

WIN ME!
Win one of 5 HP Mini 1001* worth \$1,293 each!

ENTRY FORM

**How would your students like to learn with technology?
Let's find out! And they could win one of five
HP Mini 1001 Notebooks**

Who can enter: This promotion is open to anyone studying full-time at a school in New Zealand.

Please use this document as the template for your submission. Supply all contact information and then answer the three questions in the spaces underneath. The grey box is simply a guide for placement of your response and not a space limitation. You may include images and graphics to assist your entry if you wish. Please aim for clarity in your responses and try not to exceed three pages (not including this one). Once you have completed your submission, please PDF the document* using your name as the file name, and email to admin@interfacemagazine.co.nz before 5pm on Friday 27 March, 2009. If you need assistance, please contact us at the same email address. By entering the competition, you agree for you and your idea to be featured in *INTERFACE*. The winners will be announced in the May 2009 issue.

*If you do not have the software to create a PDF, there are a number of websites that will do it for you, including:

www.pdfonline.com

www.pdf995.com

www.cutepdf.com

If you are still having difficulty creating a PDF, send your Word file to admin@interfacemagazine.co.nz and we will help.

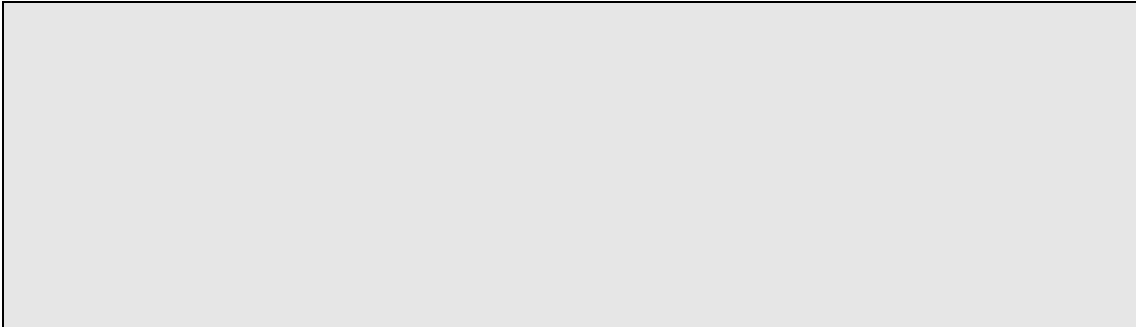

Entrant details (please supply all details as requested)

Student name	
Year	
Project name (optional)	
School	
School address	
Teacher name	
Teacher email	

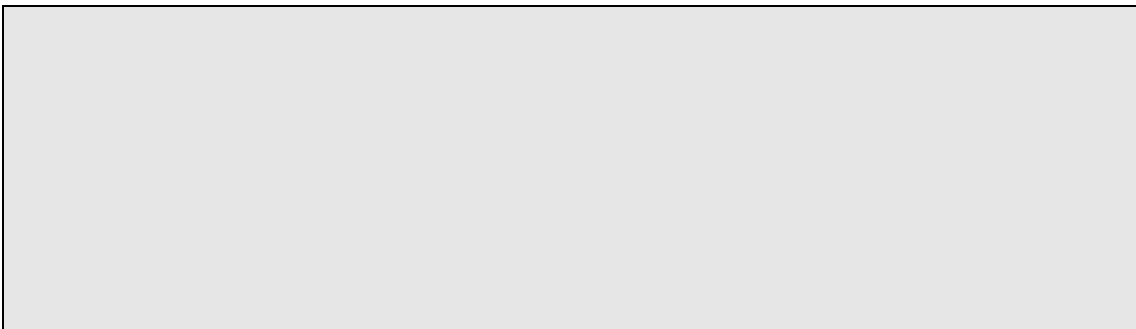

1. Identify the type of information and communications technology (ICT) you would like to use in your classroom. (**Please note:** It must be technology that already exists and is currently commercially available. Also, it must not already be used in the way you would like by your teacher in your class.)

2. Describe how and why you would like to use this technology in your classroom.

3. What do you believe would be the outcome of using technology in this way?
What benefits would it bring to the learning process, both for the teacher and the student?

4. Please supply any other information you think would assist your entry.

Thank you for entering and good luck!
